Annual Report 2025-26

Presented by Mrs. Sheba Reuben, Principal

Success is the sum of all efforts, repeated day in and day out.

It's my privilege and honour to present our annual report for the year 2025-26

Princeton Public School, a paradise of students and staff acknowledged by our Secretary and CEO with their vision and mission to mould the students to be the best in academics and allrounders.

1. Leadership Quality:

We began our academic year with students' council election followed by investiture ceremony. The leadership responsibilities were given to the students through election and duties were allotted according to the posts.

2. Parents Orientation:

At Princeton Public School we strongly believe that the rapport between the school and parents are remarkable. The parents have actively taken part in their ward's growth academically. SMC (School Management Committee) functions very successfully to witness the progress of the students.

3. Academics:

The cream of teachers with their highest qualifications are appointed at school with teaching experience. The vast knowledge of staff is an asset to the institution, especially frequent unit tests are conducted after every lesson taught and PTM is conducted to discuss about the performance of the students. Portions are completed on time and the teachers engage the students in revising portions in the form of recap.

After periodical tests and examinations, the remedial classes are conducted after school hours for the slow learners.

4. Kindergarten curricular and co- curricular activities:

Our tiny tots of Princeton are taught the spoken language, basic language skills in English, Hindi and Kannada.

Numbers, alphabets, songs, tables, number games etc., are taught to improve their vocabulary and memory power.

Kindergarten kids have taken part in different activities like reciting rhymes, costumes of India, Chocolate Day, Toys Day, Fruits Day, Colours Day, Fashion Show, Storytelling, Life-skill

Development, Professionals Day etc. Different kinds of kids' sport activities were conducted every now and then.

5. Sports:

The body achieves what the mind believes

At Princeton sports meet is an important event. Students take part in all events according to their choice. Princeton has an international athlete, as a physical education teacher. Our students took part in Taluk level and district level sports events.

This event motivates the students to have the team spirit, physical fitness and fellowship among them.

6. Dear Club:

The English language club performs games, skits, grammatical games and activities are performed on every Thursday in morning assembly activity.

English teachers and student ambassadors take initiative to train the students to perform different activities.

7. Co – Curricular Activities:

Princeton not only cater to academics and sports but also different activities like Yoga, Karate, Skating and Free Style Dance.

This is to bring out the talents and interest of the students to showcase their performance.

Students have participated in international Yoga competition and inter school karate competitions.

8. Classroom Records of the best students:

Every class is maintained by few records, month wise, such as

1. Genius in Mathematics
2. Great Historians
3. Language Intellects
4. Young Scientists
5. 100% Attendance

This is to encourage the students to be the best in all the activities every month and these students were called on the stage in the morning assembly for appreciation.

9. No Bag Day:

'No Bag Day' is followed to encourage the children to take part in different activities, skill development programmes, skits, debates, dance and singing competition, Quiz competition, group activities and games, mock parliament and essay writing to motivate the students to bring out their skills and talents.

10. Assembly activities:

Festivals of India and National festival

All the major festivals of India are celebrated by performing dances and skits were done in morning assembly.

National festivals like Independence Day, Republic Day, Martyr Day, Gandhi Jayanthi, Lal Bahadur Shastri Jayanthi, Ambedkar Jayanthi, Teacher's Day, Children's Day etc., are observed and celebrated every year.

11. School trips:

Annual school trip was organized for the students to have a happy day out. Students took part in this with lot of enthusiasm.

12. Guidance of resource faculty:

We bring in resource people to give extra coaching for Grade IX and X students and enable them to score more marks in Board Examinations.

13. Career Counselling:

Experts in career counselling were invited to council the students to choose the best subjects further to strengthen their career for future successfully.

14. Students Counselling:

Our student counsellor is here to identify the weak students and also to solve personal problems like addiction to Television and mobiles phones. Proper solutions were given to come out of their addiction and screening time.

15. Environment Day:

Every 5th of June, we initiate the Environment Day celebrations. Our students and teachers carried banners with the slogans of save environment and went on procession on road side insisting the public to "Go Green ". We also distributed the saplings and plants. We also briefed the importance of growing plants and not to cut the trees and discourage deforestation, and to grow more plants and to keep our school and locality clean by not throwing garbage.

16. Conclusion:

To conclude I would like to highlight that **Princeton Public School** is located in a green lush atmosphere away from the traffic and noisy environment, with a classic infrastructure with smart class rooms, vast playground, play area, indoor games and a play pen for our kids.

My heartfelt gratitude and thanks to our Secretary and CEO for this wonderful school and their administration, the most talented teachers, their dedication and hard work in achieving 100% results with distinction and first classes.

My sincere thanks to the most co- operative stakeholders for choosing the best school,
Princeton Public School.
